
ALDERSHOT COMMUNITY HONOUR ROLL

The Aldershot Community Honour Roll began in 2008 with the 50th anniversary of Aldershot becoming part of the City of Burlington. **The aim is to celebrate Aldershot's history through the stories of its residents.** Those honoured have demonstrated leadership, vision and creativity in their contribution to or beyond Aldershot.

Past honourees include a champion for seniors' affairs, a father and son team of business leaders and a much-beloved crossing guard. Others have included a former Mayor of Burlington, a former Director of the Royal Botanical Gardens and the area's first neurosurgeon.

We would very much appreciate your **financial support** to help make this important event possible and maintain its sustainability. We value your company's presence in Aldershot and therefore would ensure that recognition for your hard earned contribution will be recognized in the media presentation. This is strictly a community driven and supported award and hope that **you and your company** will find by helping to sponsor this event it will give you a means to **stay connected** with and **give back to your community**. In addition, each year the Honour Roll provides financial support to the Aldershot School Music Program.
